# Content of the Guide

## 1. Lexus Link PRO (MM21) Map Update

# LEXUS LINK PRO MAP Update Journey

## **Required material**

- A Lexus car with MM21 MultiMedia system.
- A laptop and an USB key.
- Download the QR-code app [ Iphone -> toyota-lexus-grcode, Android -> toyota.retailermaps ]

- It is advisable use an empty USB key.
- USB key must have a storage capacity of at least 32GB.
- USB key must be formatted to FAT32.

• In the Following slide the guide to correct format the USB key and how to manage a ZIP folder are shown.

## How to format the USB key:

· PROTECTED 関係者外秘

- 1. Connect the USB key you want to format to your computer.
- 2. Wait for it to be detected and for the operating system to install it correctly.
- 3. Go to my computer and find the key among the available connected devices.
