

# HOW TO MAXIMISE THE IN-CAR EXPERIENCE: NAVIGATION, VOICE ASSISTANT AND MUSIC STREAMING

## NAVIGATION

## VOICE ASSISTANT

## MUSIC STREAMING (SPOTIFY)

WITH TOYOTACONNECT MULTIMEDIA, YOUR VEHICLE OFFERS THREE NAVIGATION OPTIONS:

Embedded Map

Cloud Navigation

Smart Navigation

Understanding the difference helps you choose the best experience.

## WHAT IS EMBEDDED MAP?

- **Offline Navigation:** Maps are stored in your vehicle's multimedia system.
- **Always Available:** Works even without an internet connection.
- **Limitations:** No live traffic or dynamic route changes.

## WHAT IS CLOUD NAVIGATION?

- **Connected Experience:** Real-time traffic, road events, and Points of Interest (POI) with opening hours, ratings, price range number of chargers available in charging stations etc.
- **Dynamic Routes:** Always up to date with the latest road changes.
- **Requires Internet:** Uses your vehicle's data connection.

## HOW TO ACTIVATE TOYOTACONNECT CLOUD NAVIGATION

For a connected drive, simply:

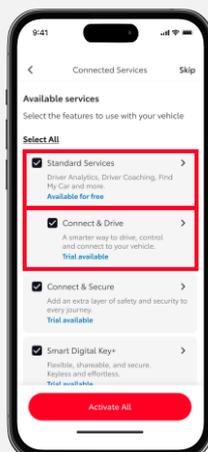

1. Open the MyToyota App on your smartphone.
2. Subscribe to the Standard Services bundle.
3. Enable the location data sharing via the multimedia system.
4. Enjoy Cloud Navigation directly via the multimedia system.

## WHAT IS TOYOTACONNECT SMART NAVIGATION?

- **Mobile speed cameras:** Smart Navigation provides real-time speed camera alerts. As you approach a camera, a notification appears on the multimedia screen, and the top-right corner displays the remaining distance to it.
- **Community-driven reporting (TomTom):** If you spot a speed camera, you can mark it on the map to help other drivers. Simply tap the  icon on the multimedia system to report it.

## HOW TO ACTIVATE SMART NAVIGATION

1. Open the MyToyota App on your smartphone.
2. Subscribe to the Connect & Drive bundle.

# HOW TO MAXIMISE THE IN-CAR EXPERIENCE: NAVIGATION, VOICE ASSISTANT AND MUSIC STREAMING

NAVIGATION

VOICE ASSISTANT

MUSIC STREAMING (SPOTIFY)

Your Toyota isn't just a car – it's your connected companion. With advanced voice technologies, you can **stay in control, stay informed, and stay entertained** without taking your hands off the wheel.

To use the Voice Agent, ensure you enable "All data sharing" or "Voice data sharing" and "Location Data sharing" in the Privacy preferences menu of the multimedia system.

## HOW TO AWAKEN TOYOTA VOICE ASSISTANT (EMBEDDED, CLOUD AND INTELLIGENT)

- Say "Hey Toyota"\*
- Or press the voice command button on the steering wheel.

\*Wake up word can be changed to "OK Toyota" in the vehicle settings.

## WITH TOYOTACONNECT MULTIMEDIA, YOU CAN HAVE 3 TYPES OF VOICE ASSISTANT

Embedded  
Voice  
Assistant

Cloud Voice  
Assistant

Intelligent  
Agent  
(cloud-based)

## WHAT IS THE EMBEDDED VOICE ASSISTANT?

A voice assistant built into the car's multimedia system that works offline, even in remote areas, without the need for internet connection. No subscription needed.

- **Handles basic commands** for Navigation (embedded), Phone, Media, and Vehicle settings.
- **Examples:** "Call Mum", "Turn on the radio", "I'm cold" (adjusts climate), "Take me home" (home address needs to be registered in the navigation), "What can I ask you?": the agent will suggest some useful prompts.

## WHAT IS THE CLOUD VOICE ASSISTANT?

An online Voice Assistant that uses cloud connectivity for advanced features.

- **Examples:** "Find the highest-rated restaurant nearby", "What's the weather tomorrow?", "How much range do I have?", "I'm hungry", "Drive me home", "Repeat direction", "Drive to the nearest charging station", "Drive me to the Eiffel Tower."

## HOW TO ACTIVATE THE CLOUD VOICE ASSISTANT?

1. Open the MyToyota App on your smartphone.
2. Subscribe to the Standard Services bundle and accept the Terms of Use.
3. Ensure you have internet connection.
4. Say "Hey Toyota"\* and ask your question.

\*Wake up word can be changed to "OK Toyota" in the vehicle settings.

## WHAT IS THE INTELLIGENT AGENT?

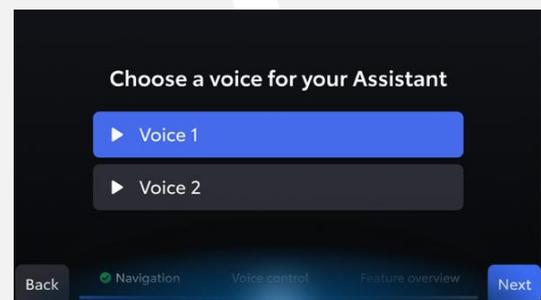

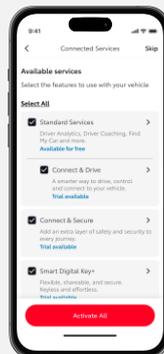

A premium Voice Assistant available through the Connect & Drive bundle.

- **Key Features:** Natural language understanding, **driver/passenger recognition and** answers to a larger domain of prompts.
- **Examples:** "Who's leading the Formula One driver rankings?", "What's the status of flight number...?", "My birthday is 5th Dec, what is my horoscope today?", "How much is 50\$ in Euros?", "What can I ask you?", "What did Leonardo da Vinci create?", "Tell me something interesting near me", "Convert 5 km into miles"

## HOW TO ACTIVATE THE INTELLIGENT AGENT?

1. Open the MyToyota App on your smartphone.
2. Subscribe to the Connect & Drive bundle and accept the Terms of Use.
3. Ensure you have internet connection.
4. Once in your vehicle, say "Hey Toyota"\* and ask your question.

\*Wake up word can be changed in the vehicle settings.

You can choose the Voice of the in-car assistant during the onboarding or via the vehicle settings.

For any queries, please refer to the FAQs in the MyToyota app, the Support Hub on the Toyota website, or speak with your nearest Toyota retailer.

# HOW TO MAXIMISE THE IN-CAR EXPERIENCE: NAVIGATION, VOICE ASSISTANT AND MUSIC STREAMING

NAVIGATION

VOICE ASSISTANT

MUSIC STREAMING (SPOTIFY)

Music Streaming in ToyotaConnect lets you enjoy your favourite music and podcasts directly from your car's multimedia system via the embedded Spotify app, without needing to connect your phone.

## WHAT ARE THE BENEFITS OF MUSIC STREAMING (SPOTIFY) IN TOYOTACONNECT?

- **Playlists and Search:** Access your personal playlist as well as recommended playlist by Spotify. When parked safely, type the song or artist you want to listen directly in the search bar.
- **Voice Assistant:** When driving, use the in-car Toyota Voice Assistant for hands-free control. Simply say, "Play a happy playlist" or "Play a song by The Beatles."
- **Sound Quality:** No Bluetooth connection with your phone is required, which avoids sound compression and delivers better audio quality.

## REQUIREMENTS

- ToyotaConnect Multimedia.
- Connect & Drive subscription.
- Stable internet connection.
- A Spotify account.
- Vehicle Data Sharing is enabled in the in-car Multimedia Privacy and Preferences settings.

## HOW TO USE SPOTIFY IN TOYOTACONNECT?

Link your Spotify account to your in-car ToyotaConnect multimedia:

### From the Multimedia system

1. Open the Media menu and choose the source (Spotify).
2. Scan the QR code on the Multimedia screen.
3. You are redirected to the MyToyota app.

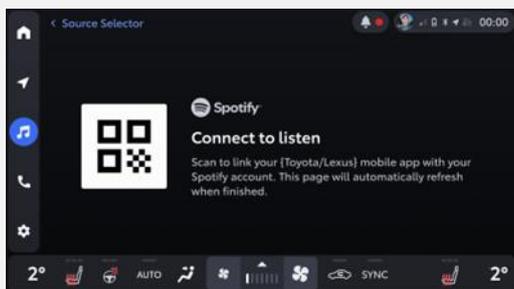

OR

### From your app

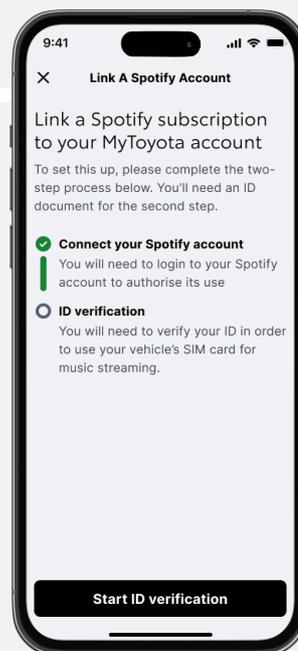

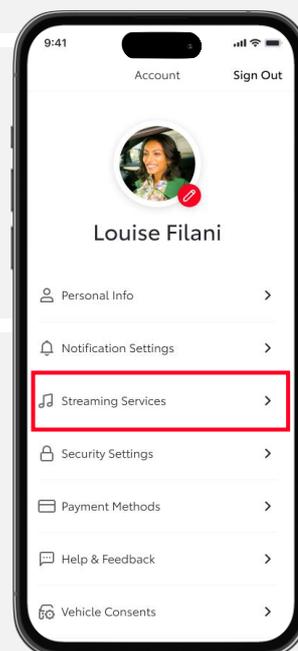

1. Go to the Account menu (bottom bar).
2. Access the "Streaming Services" menu.
3. Select Spotify.

## START THE ID VERIFICATION PROCESS:

1. Upload a picture of your ID document.
2. Complete the form using the personal details associated with your existing Spotify account.
3. Wait for the ID verification to complete.

Once the Profile is verified, you will be able to access your favourite playlists in the in-car ToyotaConnect multimedia Spotify app.

For any queries, please refer to the FAQs in the MyToyota app, the Support Hub on the Toyota website, or speak with your nearest Toyota retailer.
